

Sacred Sites in Sedona

This document is shared with you as an optional resource to compliment your journey within the heart and lands of Sacred Sedona . We invite you to always use your discernment when traveling.

To align your journey and all that you will integrate with Divine Feminine Christ consciousness, we invite you to practice self-care, personal inquiry, and conscious willingness leading up to our time together. We ask that you approach these incredibly powerful vortices of Light in the Sedona with a grounded nature, humility, and an open heart as to what is unfolding multidimensionally during your time there.

These sacred sites have been recommended to us by our Sophia Circle Leaders and Sophia Code Community Members. We invite you to tune into the resonance of your Higher Self in Communion with the Land in the Sedona to trust that you are being guided to the right place at the right time.

Upon your arrival to any of these sacred sites, we encourage you to offer a gratitude prayer from your heart to the land. Ask your spiritual guides to help you remain grounded and to guide you. Invite Mother Earth Sophia Gaia and all of the elements to support your empowerment journey ahead. Visualize your Higher Self blessing the land along with the Ascended Masters and angelic orders. Fill the site with your offering of gratitude and prayer-filled light.

We truly look forward to our time together in Sedona with you, dear Angel. Safe and blessed travels to you!
